

10 TIPS

Keep Your Child Learning in the Coming Weeks

1 Set up the expectation that learning is important and will continue.

2 Set up a dedicated learning space.

3 Keep your child near if they are working online.

4 Establish a routine or follow the timetable set by your child's school.

5 Encourage breaks from their learning and include movement.

6 Check in with your child across the day.

7 Have passwords for remote access recorded and available.

8 Keep distractions like TV and social media to a minimum.

9 Keep your children connected to their friends and peers.

10 If you are also working from home, talk to your children about how they can ask for your help.
